Community Prayers led by: Zayda Yadao-President, Philippine Community Center
Dr. Angie Rivero-Past President, North Texas Association of Philippine Physicians

Dear Lord,

“We fervently pray that our nation will be spared from another threatening typhoon.

Our suffering people have not recovered from Ondoy's wrath.

Please prevent Pepeng and other typhoons from hitting any of our islands.

Save us from further calamities by embracing our country

with your protective grace and merciful blessings.

We also pray for all those who have lost their lives that they may find their home in your kingdom.

Mother Mary,we humbly ask for your intercession that we and our families be safe from all these afflictions Amen.”

(Excerpt from Zayda Yadao's email dated 10/07/09)

We truly appreciate your attendance, time, efforts and donations!!!God bless us all..... VIGIL COMMITTEE
